Kirti,

Please read Jeff's e-mail below and let me know what you think. If this is correct then lets move forward and lable underneath the pictures in section A.9.

Heidi

Subject: FW: References

Heidi,

For the App. A references for the pictures, the pictures are stock photos at the laboratories. I propose that we use this e-mail as the reference for the photos indicating their source.

Does this sound like it will meet our needs?

Jeff

Jeff -

I've gone back through my notes and contacted people who originally sent me the pictures. To the best of our knowledge, all of the photos in Appendix A8 are stock photographs from laboratory archives. They were collected for general communication purposes so there are no specific references for the pictures.

Subject References

Doug,

In addition to the reference request that I sent earlier today for figure A.5.2-2, we also need references for all of the pictures that were included in section A.8. It appears that we are covered on all of the other graphs and figures but still need them for the pictures.

If you need more specific information let me know but I believe that none of the facilities pictures that are in that section have references.

Can you please let us know about when we could expect to receive these?

Thanks,

Jeff
